About the Editor

Dave Evenson lives in Cumberland, Wisconsin. His territory while he was working as a wildlife manager for the Wisconsin Department of Natural Resources included MacQuarrie's Shallow Bay where he had his first duck hunt and other local duck wallows. He is, by virtue of his age, an old duck hunter and an angler for bluegills.

He hunts out of a canoe and over wooden decoys he has made himself. In season, you might find him collecting maple sap, wild berries and plums or harvesting wild rice.

Evenson, a Barnes Area Historical Museum volunteer, produced *Right Off The Reel* for the widespread world of MacQuarrie fans with all profits assigned to the Barnes Area Historical Museum to support the MacQuarrie Exhibit and MacQuarrie programs and further the MacQuarrie legacy.
